Problem Statement

Earlier, the PPC campaign for the client's website was managed by their in house team. Client was spending a lot of money in managing the PPC campaign and paying for the full time team. The client was struggling with the number of leads which they were getting and high cost per lead.

CIS Solution

We took the following steps to manage the PPC campaign for the client:

- ◆ Client decided to outsource their PPC project to us thus reducing their operational cost to 40%.
- ◆ Keywords were having very low CTR because all keywords were not strategically placed under adgroups. Hence we restructured campaigns and Q.S was improved.
- ◆ Keywords were converted to broad modifiers and exact matches.
- ◆ New keywords were researched and were added in exact match and broad match modifiers.
- ◆ Landing page was improved by adding call to actions.
